8:00 am - 1:00 pm

K-Mart (Parking Lot)
19330 Hawthorne Blvd.
Torrance, CA 90503

**Sponsored by SCE in
partnership with
SBESC**

**First come, first served
While supplies last!**

Operation Light Exchange is an energy efficiency program that allows residential customers of Southern California Edison to exchange inefficient halogen and incandescent light fixtures for new, FREE Energy Star labeled lamps.

Bring in a combination of up to ten of your old

- Halogen Torchieres, or
- Incandescent Floor Lamps, or
- Incandescent Table Lamps, or
- Incandescent Desk Lamps

and exchange them for FREE new energy efficient fluorescent plug-in lamp fixtures of the same type - for example, exchange one old energy guzzling desk lamp and one old floor lamp for one new energy efficient desk lamp and one new

floor lamp.

Participants must show they are a Southern California Edison residential customer by bringing their SCE bill and/or CA driver's license with their zip code falling within SCE service territory.

The energy efficient lamps are stylish and beautiful. You can see them at www.scelampexchange.com. Please let your family, friends and neighbors know about this unique program. See you there!

Thank You.

ps - please leave the old lamp shades at home.

SBESC is funded by California utility customers and administered by Southern California Gas Company and Southern California Edison, in collaboration with South Bay Cities Council of Governments (SBCCOG), under the auspices of the California Public Utilities Commission through a contract awarded to SBCCOG. This program may be modified or terminated without prior notice and is provided to qualified customers on a first-come, first served basis until program funds are no longer available. California customers who choose to participate in this program are not obligated to purchase any additional services offered by the contractor. © South Bay Environmental Services Center.
