Presentation to be followed by public comment.

Public input received from the workshop will be considered for the final 2010 UWMP. The final 2010 UWMP will be presented for adoption by the LADWP Board of Commissioners in May 2011.

About the UWMP:

The UWMP will address requirements under California Water Code Sections 10610 through 10657. The purpose of the UWMP is to cover the management and development of water resources, as well as efforts relating to efficient use of water. The UWMP addresses the areas of existing and future water conservation measures, water recycling, stormwater capture, and management of the City's groundwater basins. In addition, the UWMP offers information on the status of Los Angeles' imported water sources, water quality issues, and projections of future water supply and demand for the City.

The City of Los Angeles' Draft 2010 UWMP will be available for review after January 13, 2011 at <http://www.ladwp.com>.
