

What's Next?

Over the next few weeks we will be developing a draft of the Retaining Wall Ordinance. This will incorporate comments from the public meetings as well as any of those we receive through October 14. Once we are ready to present the draft ordinance to the public, we will hold workshops to discuss the language with stakeholders. You will be notified in the future as to when these meetings will take place.

Please keep in mind there will be other opportunities to submit comments in the near future in the subsequent Public Workshop phase and Public Hearing/Approval Process.
