Impact Information

Date: 07/11/2018

Update to a Previous Input: No

Directed To: City Council and Committees

Council File Number: 17-1125

Agenda Date:

Item Number:

Summary: The NWSPNC supports the development and regulation of a dockless bike/scooter share program in Los Angeles, however the proposed regulations, as recently amended, contain some features that are onerous and contrary to the goal of incorporating new modes of transportation quickly and safely.

NWSPNC specifically requests the following changes:

- 1) Reduction of proposed cost and fees to make rentals more affordable,
- 2) Replacement of the non-smart phone options, cash options, multilingual app, and call center requirements with a 12-month study period of the cost and viability of such options.
NWSPNC is particularly concerned about anything that would not require capturing real information about the person renting the bike/scooter.
- 3) Removal of the prohibition of third party advertising;
- 4) Removal of the requirement that a minimum of 50 percent of their fleet must be electric-assist vehicles;
- 5) Addition of a requirement that operators must cooperate with LAPD in case of a suspected crime involving one of their vehicles.
